Section 2-106 Location and Boundaries of Zoning Districts.

The locations and boundaries of the zoning districts are established as they are shown on the map entitled "Zoning Map, City of Tempe" Where uncertainty exists as to the boundaries of any of the districts shown on the map, the following shall apply:

- A. **Location.** District boundary lines are intended to follow street, alley, lot or property lines existing at the time of passage of this Code, except where such district boundary lines are shown differently on the zoning map. Where the application of this rule does not clarify the zone boundary location, then the zoning administrator shall determine the location;
- B. **Annexations.** Territory annexed to the city subsequent to the effective date of this Code shall, upon the date that the annexation becomes effective, automatically become zoned as an AG, agricultural district. Territories annexed with AG zoning shall remain AG until such time as the city council adopts a different zoning district for the annexed area. Any property owner of land annexed into the city may apply for a rezoning classification at no charge within one year of the date of annexation; and
- C. **Default.** Those parcels without zoning designation on the zoning map, and without any record of a zoning classification are zoned as an AG, agricultural district.
